About Our Company

Veteran Technologies LLC is a Service Disabled Veteran Owned Small Business (SDVOSB) and Disabled Veteran Business Enterprise (DVBE) founded in 2014 and located in Northern California. We are a hardware and software supplier and services provider. The services we provide include web and application development, systems/network administration (engineering), IT project management. We also provide Microsoft Azure, Amazon Web Services (AWS) and on premise deployments. We are proud partners with AtomPod LLC (network installs, help desk), KAI Partners (Project Management and IT Security).
